Present: Geir Aas, ExxonMobil
Jonas Stokka, ptil
Stein Arve Finnestad, Gapgemini
Yao Lu, Gapgemini
Pål Rylandsholm, DNV
Lillian Hella, PCA

Minutes

Due to absence of some participants, attending persons had a short informal meeting. A brief status on ongoing work was given. Reference data work is in finishing state, and will be used as basis for extraction of definitions for use in review later. Capgemini is working on feedback from Energistics and will continue incorporating necessary changes in XML Schema and proposed changes in layout of html/pdf report. More details and plans will be presented at next meeting, together with piloting.

End of May (30th or 31st) are possible dates for review meeting in Stavanger. Lillian will check possibilities for having this as part of the scheduled EPIM Reporting Forum meeting May 31st. If this is not possible, Geir will investigate other arrangements for May 30th.

Today's planned meeting will be postponed, and is scheduled May 10th. Geir will send out new invitation.
