Overview versioning

- Daily Production Reporting
  - Daily Production Report Version 1.0
    - Old version of schemas no longer maintained
  - Daily Production Report Version 2.0
    - New version of schemas, same schema as for reporting on a monthly basis to government and partners
- Monthly production reporting
  - Monthly Production Authority Report Version 1.0
    - Monthly production reporting to the government, new version of schemas
  - Monthly Production Partner Report Version 1.0
    - Monthly production reporting to the partners, new version of schemas

NOTE! Monthly Production Authority Report 1.0, Monthly Production Partner Report Version 1.0 and Daily Production Report Version 2.0 are all based on the same schemas

DONG energy

General Status ERH

- Daily production reporting
  - Currently running in production with DPR 1.0
  - All companies using the old Tieto ReportingHub except 2 are migrated
  - Integration with L2S working, note though a minor change in folder structure
  - Old solution expected to be cut-off during march 2012
  - For the moment, no triples are generated and aliases are collected
- Continuing work on
  - Monthly Production Authority Report 1.0
  - Monthly Production Partner Report Version 1.0 DPR 2.0
  - Daily production report 2.0

DONG
energy

DPR 2.0

- 2 companies are working against having this up and running at the beginning of april
- Same schemas as for monthly production reporting

DONG
energy

Monthly Production Authority Report 1.0

- Pilot Statoil, DONG finalized, final report to be written
- 2 companies working against next deployment
- EPIM RUF will coordinate further roll-out
- Essential with close follow-up and assisting during implementation
  - E.g. generate samples for companies participating
