

FORSVARET
Forsvarets logistikkorganisasjon

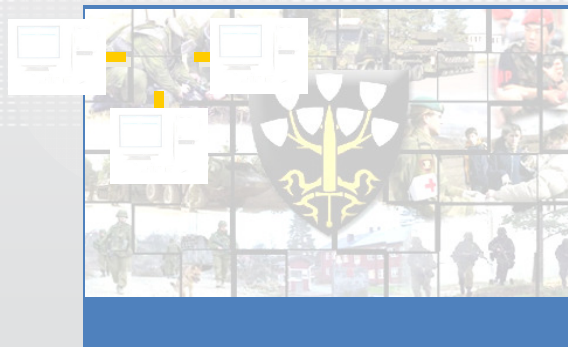

PLCS seminar, Oslo 2008-08-27

Rear Admiral Morten Jacobsen
Norwegian Defense Logistic Organisation
Systems Management Division

Intro

- Information management - a key factor in improving military logistics
- From materiel handling to complex weapon systems and task oriented forces
- Force generation and capability planning

The History of...CALs

- US DoD 1985
- NATO 1989
- TLBM & NPDM
- STANAG 4613 and 4614
- STANAG 4661 – ISO 10303 AP 239
PLCS

The Norwegian contribution

- NATO AC participation
- The National CALS-initiatives
- NPDM - PLCS

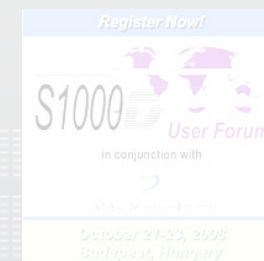

Lessons learned - Some examples

- The combat vehicle - CV 9030 N
- The new Frigates - FN
- Joint Strike Fighter international information interoperability initiative - JSF4i
- Norwegian Advanced Surface to Air Missile System - NASAMS II

Our strategy today

- Product information
- Logistics information
- Maintenance task information
- Educational information
- Network Centric Warfare

OASIS

Advancing open standards for the information society

Today – and beyond...

- Project 2529 – PLCS
- ERP - SAP - DEIG
- ...

Summary...

- PLCS enables joint – combined operations
- Several new procurement projects
- A common approach to total weapon systems management
